📍 Raiganj, Uttar Dinajpur, 733128, WB

🐙 github.com/bimanTheCoderBoy

## SKILLS

- C | C++
- Full Stack Java
- HTML | CSS | JS | React | Next
- Node | Express
- Mongo DB | SQL
- DSA
- Flutter
- Chrome Extension Development
- Fast Learning
- Problem-Solving
- Team Work
- Logical thinking

## EDUCATION

**BACHELOR OF TECHNOLOGY**
Academy Of Technology
CGPA - 8.6 ( till 5th semester ) | 2021 - 2025

**HIGHER SECONDARY SCHOOL**
Raiganj Sri Sri Ramkrishna vidya bhaban
Grade - 76% | 2020 - 2021

**SECONDARY SCHOOL**
Churaman P.C High School
Grade - 82.9% | 2018 - 2019

## ACHIEVEMENTS

- Selected for College level E-commerce Business Project
- Solved 500+ coding problems in different coding platforms
- Best UI Award in Hackathon

## PROFILE

I'm a dynamic Computer Science Engineer adept at crafting innovative software solutions and websites. Proficient in coding, debugging, and agile methodologies. My flexibility to adapt diverse technologies and collaborative approach make me a valuable asset for any team .

## PERSONAL EXPERIENCE

### AOT OFFICIAL CONFERENCE WEBSITE, AOT

2023
- Developed a React-based website for an International Conference as a team project with six students
- Learned about different UI design in react and standard development practice

### EDUCATION APP | ANDROID

2023
- Created Teacher and Student Apps for a client project using Flutter and Firebase
- Implemented quiz-taking, note-sharing, and a student performance detector
- Built different Algorithms and techniques to develop above features

### MERN STACK ED-TECH PLATFORM

2024 - ongoing
- It is a Education Platform team project made using MERN
- In this application we have multiple Features like note sharing, quiz taking, recorded course, live course and many more
- Learned about video streaming, different data handling, server architectures, socket
- Understand the end to end full stack development in a better and more standard way

## CODING LANGUAGES & TECH TOOLS

C, C++, Core Java, HTML, CSS, JavaScript, Tailwind CSS, Adv javaScript, Bootstrap, React.js, Node.js, Express.js, Next.js, SQL, MongoDb, Mongoose, DSA, JDBC, Shell Script, Git, GitHub, GitLab, Postman, Firebase, Cloudinary, Developing rest APIs, OAuth 2.0, JWT, GraphQL, Docker, GitHub Actions, Digital Ocean Functions, Servlet, Jsp , Spring, Spring Boot, Flutter
